Cultist Cosplay Costume Hi guys, this video is with the cultist cosplay costume tutorial, and this costume is based on the cultist from HL2 and its elements are the same. Costume includes the full body suit, boots, sword, and knife. The costume I wear is a size small/medium so don't go too big on the sleeves. This video is without sounds, so just enjoy the video :) Any suggestions are welcome and don't forget to thumbs up, like, comment and subscribe. Thanks, DING. Then she made a cultist cosplay costume and I have been dreaming of doing this ever since. So i planned this cosplay after seeing it and soon enough I created Aline. I tried to make this as accurate as possible and hope you like it. I added the audio because I think it would help you better understand all the parts of the cosplay. Hopefully you find all the materials that I used to make this costume easily
